

headspace GPs Wanted

headspace is the National Youth Mental Health Foundation providing early intervention mental health services to 12-25 year olds. **headspace** streamlined services focus on four core areas: mental health, physical health, work and study support and alcohol and other drug services.

headspace Ashfield are currently looking for GP's who would like to provide sessions at our centre. You will be providing a range of health services to young people including:

- Physical health assessments;
- Developing mental health care plans;
- Sexual health assessments;
- Drug and alcohol assessments.

Benefits of working for headspace Ashfield:

- Flexible work days and hours scheduled around your commitments;
- Administrative support, including billing and appointment bookings;
- Work alongside a friendly multi-disciplinary team who are knowledgeable about youth mental health.
- Work in a new and modern facility;

If you would like to find out more about this opportunity please contact Michael Cummings on **0409 418 860** or mcummings@newhorizons.net.au alternatively, please provide your personal details below and fax this form to us: **(02) 9193 8089**
