

# headspace Schools & Communities mental health education program

## Our program delivers free in-person mental health education workshops to secondary school communities across Australia.

Our student workshops aim to increase mental health literacy, reduce stigma, and build the capacity of young people to understand their own wellbeing needs, support their peers and explore pathways for help-seeking. We also offer a Parent and Carer workshop alongside the student workshops.

Our in-person workshops are interactive, strength-based, evidence-informed and timed to fit a standard school lesson.

# For online workshops, please <u>visit</u> our website.

#### For more information about the program or to book sessions, please contact us at MHEP@headspace.org.au

## our workshops

### Year 7-12:

- Let's Talk About It: mental health
