

# Crafty Collective

Looking for a fun and creative way to connect with others? Join us as we dive into a world where creativity knows no bounds! This is the perfect space to bring any craft project of your choice, share ideas, learn new skills, and meet like-minded people!

We gather once a month for laid-back crafting sessions and socialising online—everyone from 16-25 is welcome, no experience needed! Come create, chat, and wind down with a tea or hot chocolate in the comfort of your own home.
