About Dr Lucy...

"I graduated from Monash University in 2013 with a degree in Medicine, having completed a Bachelor of Biomedical science prior to this. I completed my internship in Albury, before moving to Mildura after meeting my husband here. I trained in paediatrics and emergency medicine before settling into GP training (2017).

I have a particular interest in women and children's health and am here to help with your physical health, mental health, and sexual health needs.

Outside of work, I have a beautiful 6 month old daughter and enjoy Sunraysia's lovely weather, food/wine and river activities."

Changing GPs

If you are not feeling comfortable and safe with your GP, you can change to another GP and ask that your medical records get transferred.
