

Brophy Family and Youth Services are seeking enthusiastic and talented people who are passionate about helping us build an advantaged community where people are meaningfully connected to create the life they want.

Manager - headspace Portland (HS004) Portland Based - 1.0 EFT

Brophy have sourced new funding to establish a headspace satellite service in the idyllic coastal township of Portland, creating an exceptional leadership opportunity for an Allied Mental Health professional.

The Manager - headspace Portland will lead a multidisciplinary team, be an experienced and innovative health professional with considerable knowledge and experience in mental health service delivery and development of a private practice model.

Critical to the role will be the implementation of annual operational plans - including community awareness, youth and family/friends participation strategies to ensure that a youth friendly culture, culturally safe and family inclusive practices are central to young people's treatment and recovery.

The role will lead clinical and caseload reviews and will actively manage referrals and demand for services, including delivery of a evidence-based primary mental health services case load and development of innovative and recovery orientated group work models.

The Manager will work collaboratively with stakeholder partners through effective relationships, co-contribution service level agreements and referral arrangements between primary care, mental health, alcohol and other drug, vocational services and other psycho-social services to facilitate young people's access to the right service at the right time.

The successful applicant may be eligible for a \$10,000 relocation package, subject to eligibility criteria.

Applications close Friday 6 April 2018.
