Clinician headspace Whyalla – Full-time

headspace is the National Youth Mental Health Foundation providing early intervention mental health services to 12-25 year olds, along with assistance in promoting young peoples' wellbeing. This covers four core areas: mental health, physical health, work and study support and alcohol and other drug services.

About the role:

- Full-time 75 hours per fortnight Mon-Fri
- Completing assessments and planning targeted support with young people and their families / carers.
- Providing time limited targeted interventions to young people and being inclusive of their families, friends and carers in their treatment.
- Provision of consultancy, advocacy, information and liaison services to individual GPs about mental health issues.
- Consulting and liaising with other health and community service agencies to facilitate a coordinated approach in the young person's treatment and recovery.

Qualifications:

- The role is applicable to suitably experienced and qualified Psychologists, Social Workers and Occupational Therapists or Mental Health Nurses.
- Current and full registration with appropriate registration authority (AHPRA or AASW).
- National Police Check and Department of Human Services Child-Related Employment Screening.

What's in it for you?

- A supportive working environment, a great team with flexibility.
- A competitive salary in recognition of your qualifications and experience – **\$74,779 - \$96,075**
- 5 weeks annual leave PLUS 17.5% leave loading plus paid cultural leave.
- Access to full not-for-profit salary packaging benefits so you can reduce your taxable income and increase your take home pay.

Applications are reviewed as they come in, so do not wait, apply today!
