

Melash Fundraiser

Melash is headspace Maitland's Tamaruke **therapy puppy**. You'll probably find him snoozing on a bean bag or playing with a young person in our waiting room. He helps make your first visit to see a counsellor **that little bit easier** and so far he has made lots of **new friends**.

headspace Maitland is raising money to help with Melash's daily expenses like food, training and vet visits. This fundraiser will run between **Sept 1 - Sept 15**. If you love having Melash at our centre and would like to help us provide him with the best life possible please give generously at the below link:
